DETAILED ACTION

1. Applicant's election without traverse of group I in Paper No. 9 is acknowledged.
- 2.

Drawings

This application has been filed with informal drawings which are acceptable for examination purposes only. Formal drawings are required with the response to this office action.

There is objectional textural material in the figures and multicolored.

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 1 is rejected as failing to define the invention in the manner required by 35 U.S.C. 112, second paragraph.

The claim(s) are narrative in form and replete with indefinite and functional or operational language. The structure which goes to make up the device must be clearly and positively specified. The structure must be organized and correlated in such a manner as to present a complete operative device. The claim(s) must be in one sentence form only. Note the format of the claims in the patent(s) cited.

The claim is also alternative

Claim Rejections - 35 USC § 102

Art Unit: 3644

5. The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

6. Claim 1 is rejected under 35 U.S.C. § 102(b) as being clearly anticipated by Hibbs et al (5810284).

7. Claim 1 is rejected under 35 U.S.C. § 102(b) as being clearly anticipated by Aker et al (3616334).

8. The specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

9. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
